Home Learning Menu

PE

With this term's focus on athletics, record your times of a distance run and see if you can improve.

Computing

Using Google sites (accessed through your Google account) create a website about one of your interests.

Geography

See if you can attend a local beach clean or organize one with your family to help with our world's plastic pollution problem.

Design

Using this term's DT skills, find a recipe that you enjoy and see if you can change some of the ingredients to make it a healthier dish.

SCIENCE

Science

Investigate our learning on how plants reproduce. See which plants you can grow copies from by using a cutting from a parent plant. Record your cuttings growth journey with drawings/photos.
